# KEYNOTES

**Dr. Jesus Garcia Laborda** PhD, EdD, MA, MEd Dean of the College of Education, Universidad de Alcala c/ Madrid, 1, 19001 Guadalajara; Spain

**Keynote Title:** How to get more and better citations

One of the most relevant issues in today's research is the old fashioned idea of being cited. Although this trend is changing dramatically since a few years ago, many countries still rely on papers published in impact journals and their citations in the Web of Science and Scopus. This presentation states how to improve these aspects but also the fact that citations must also come from relevant researchers. To do so, the paper addresses the importance of having accessible and relevant (or trendy) papers that are usually included in repositories, databases and also social media.
